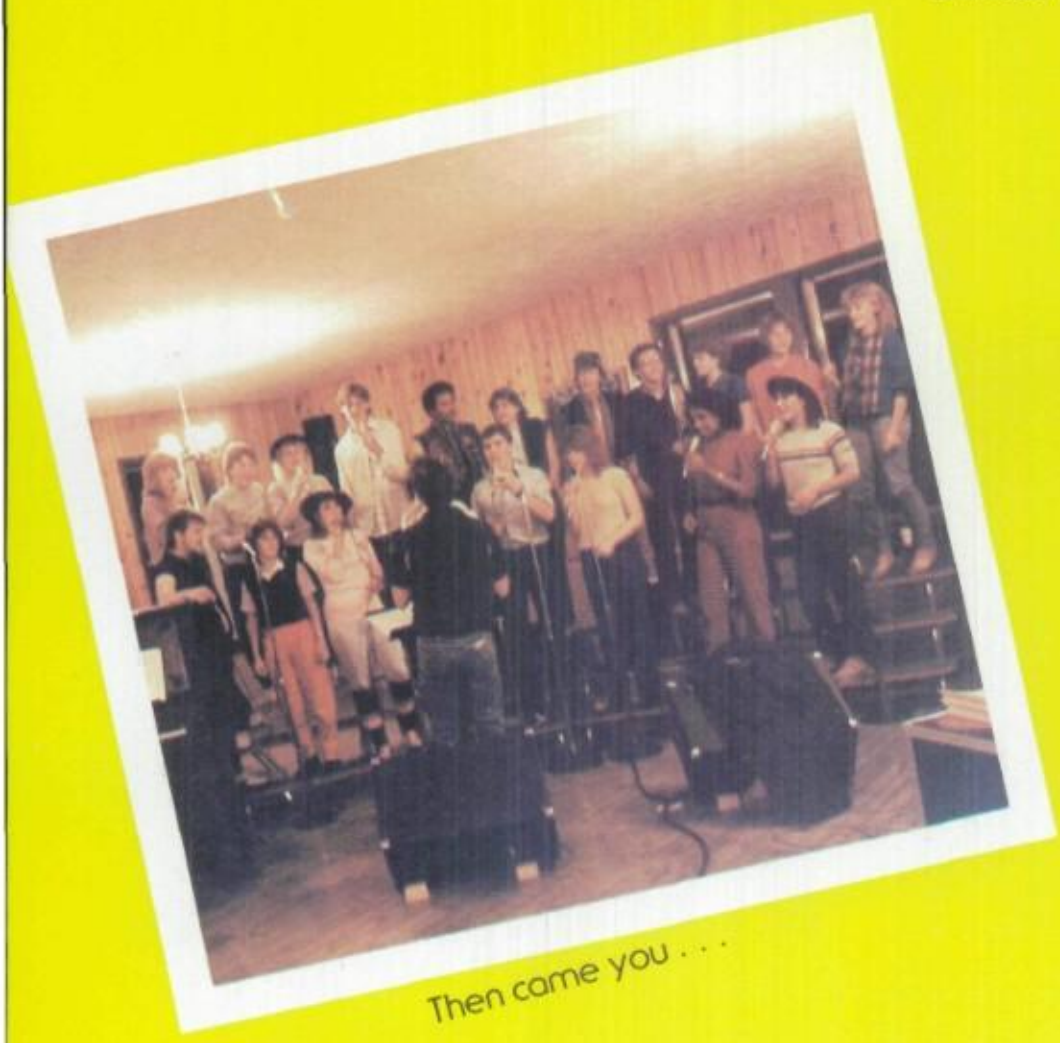
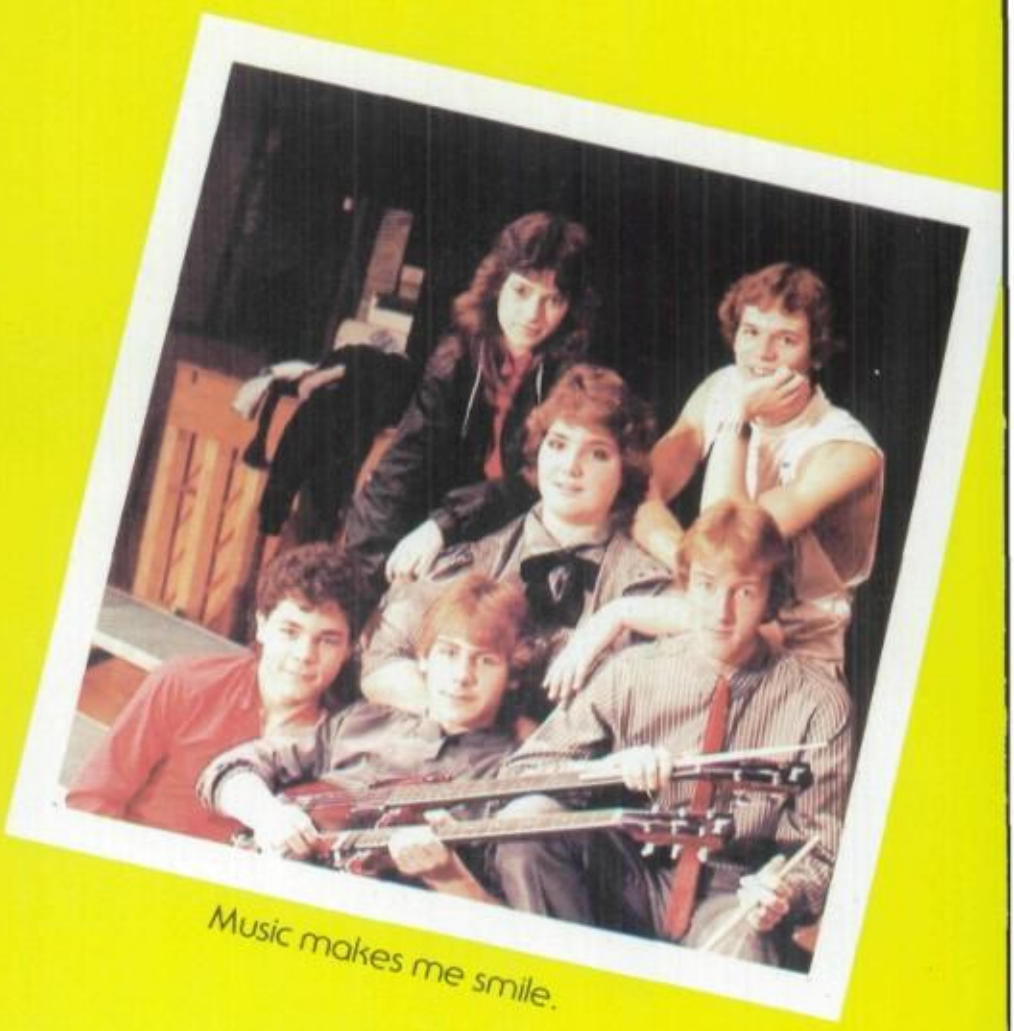
Shivesen struts their stuff.



Then come you . . .



Music makes me smile.

Shivesen Jazz – Class Act

The word Shivesen originated from Hungaria, meaning "from the heart," this was exactly how Shivesen performed. The jazz choir is one of the hardest working groups at Rogers that needs total dedication and commitment.

Being a member of this group meant being an early riser. The choir and Mr. McGuire met every school morning from 7:00 to 8:00. All of this hard work paid off when they competed. The group was one of the finest and they demonstrated their Pirate loyalty in total harmony.

One big happy family

A little wider please.

Smiling is part of our job.

This year the squad was made up of nine enthusiastic girls, who put a lot of hard work and dedication into their projects and cheering. However, cheering came easy to these girls as the nine naturally had that Purple Pride.

Practices in the summer were three times a week and fifth period during the first semester of school. This work paid off, because the squad got better and amazingly better.

The team created a spirit that rippled throughout the school and a spirit that all of the Pirate family could be proud of. "I have been really excited concerning this 1984-85 season. The girls gave 110% and I was honored to be their advisor," Nancy Bell.

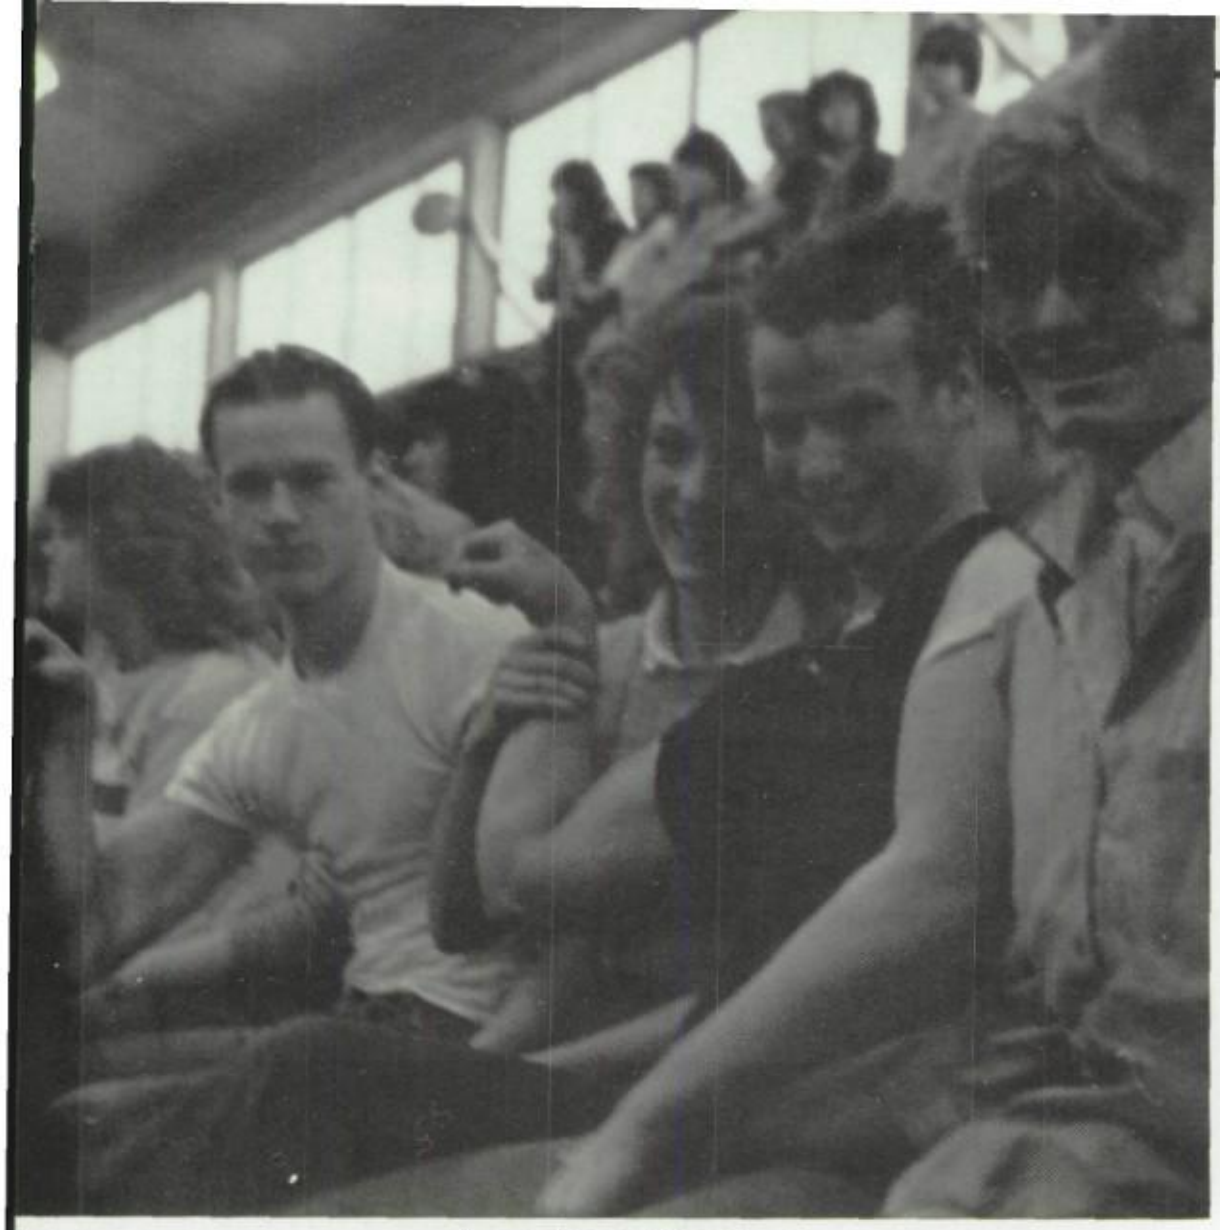
Mascot Pride Is High!!!

Katie Kaminski

Connie McDonald

The 1984-85 mascots, Katie Kaminski and Connie McDonald, worked hard this year to raise the spirit of the school. The two girls were either found cheering their hearts out on the field or court, or they were found up in the stands promoting that good old Pirate Pride.

They worked well with the cheerleaders, practicing, raising money, and encouraging the crowd to participate. Mascots are a big plus to Rogers and we appreciated their support and spirit.



Eat your heart out Fonzie!

School Cons

Sparking Spirit

This year's cons were full of fun, laughter, and excitement. Class competition, presenting sports, receiving awards and having a good time were all a part of the cons.

Pete Shelton, who was chosen by the A.S.B. to be our Con Committee Chairman, helped organize all of the cons under the supervision of students activity coordinator Dennis Shuerman. Pete spent a lot of hard work and time with other committee members to make our cons successful. Pete quoted, "Without the help of the committee members the cons might not have come off the ground as well as they did.

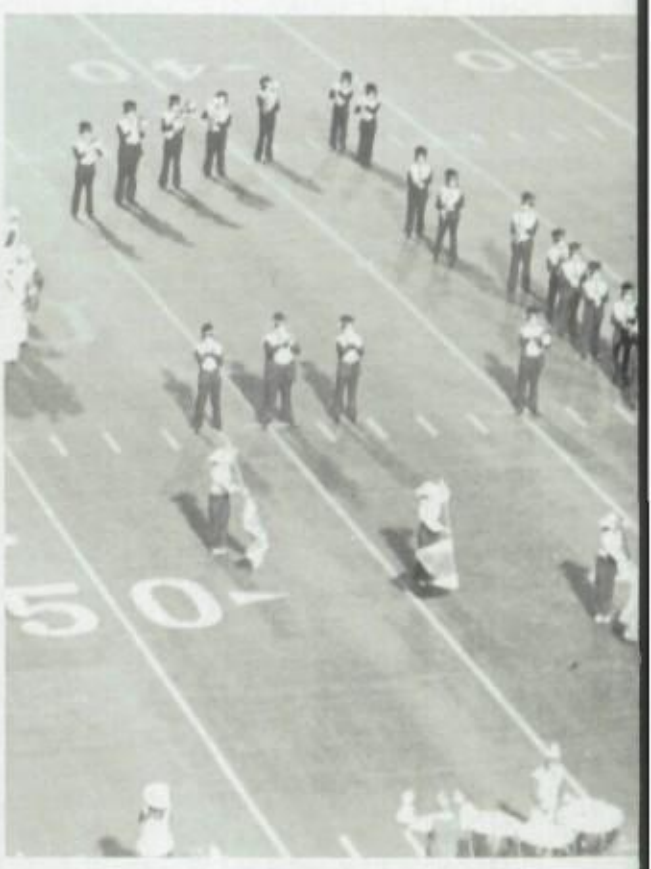
Rogers Band: A Group to Be Proud of

The Squad Shows Some Marching Maneuvers During Halftime

The band does a fancy maneuver in formation.



Aren't they Grrr . . . great!

Now, smile and say "cheese."

This year the band performed under a new director, Mr. Battista. He took the place of Mr. Lindell who had been here for the past 7 years. Mr. Battista came here from Arizona where he had directed drum corps.

The band performed at many of our school cons and varsity football games. They came in 12th out of 26 in the Northwest Marching Band Championship and they took 6th out of 17 in the Cavalcade of Bands.

The band worked very hard this year and their effort is appreciated.

Leadership Camp Brings Friends Closer

Leaders Learn to Love and Be Loved

This year's camp was held at Camp Larson on beautiful Lake Coeur d' Alene. Students from all four classes attended and many faculty members demonstrated their pride by showing up.

The leaders involved themselves in various activities such as skits, competitions and indepth conversations about themselves and their school and community.

"This year's camp was a new experience. We broke the tradition and went to a new campsite in Idaho. We learned a lot and became more able to cope with our problems in the school and A.S.B.," stated Ed Basinger.

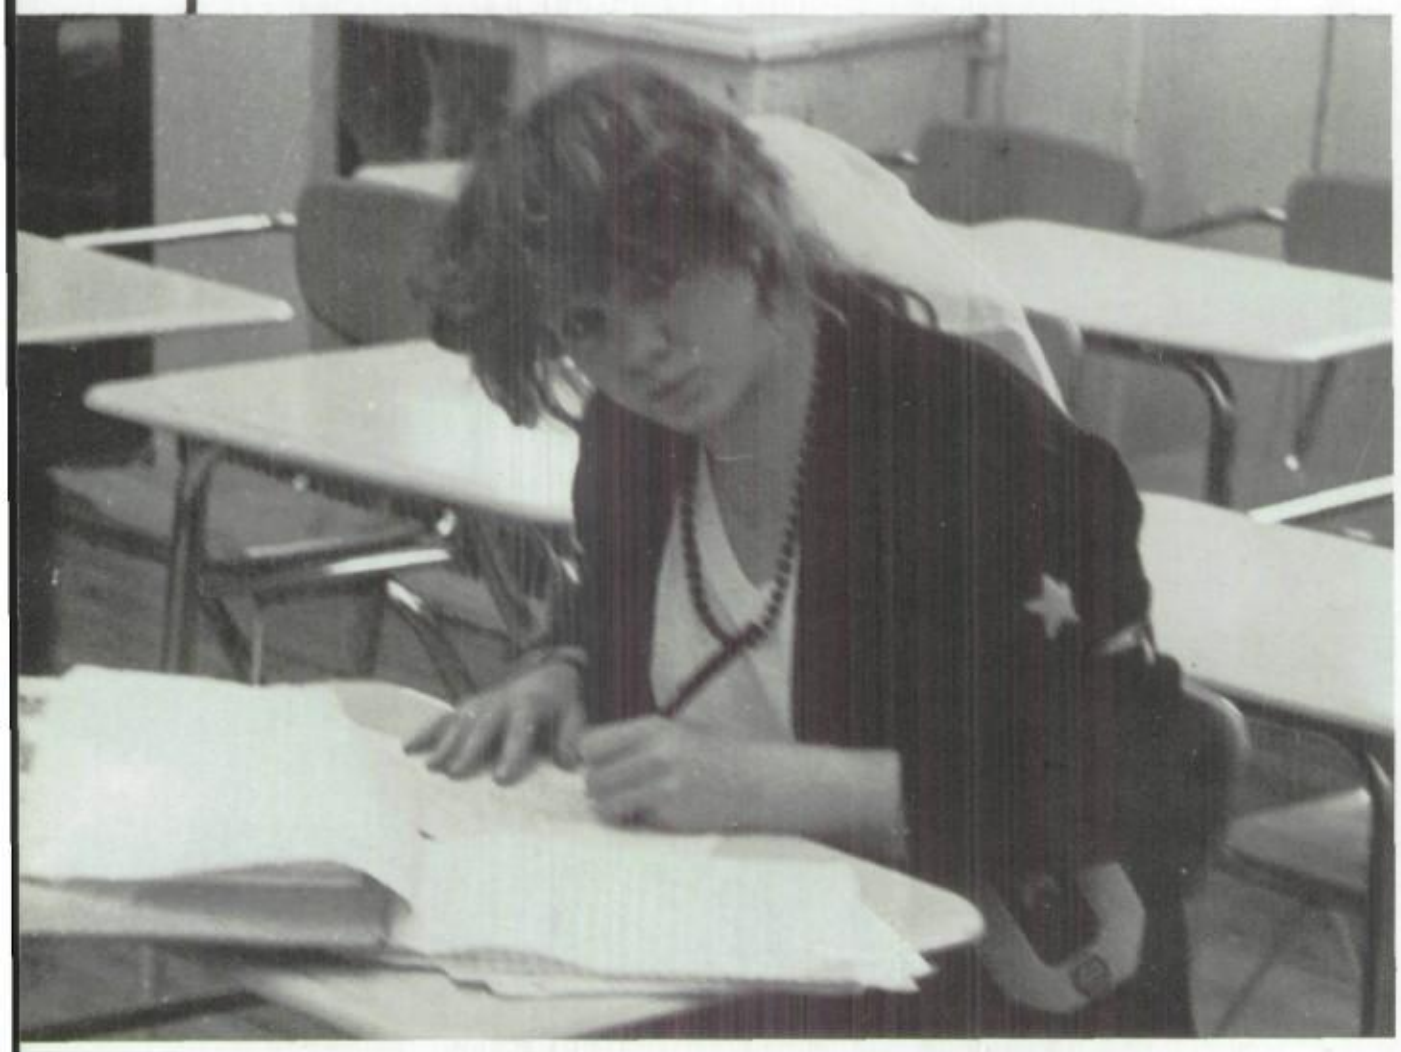
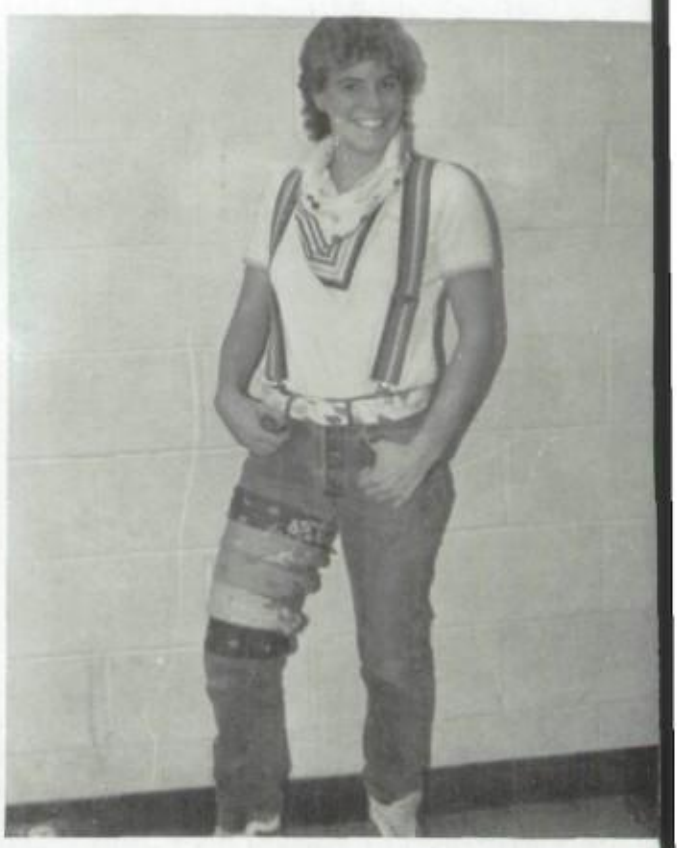
A Good Time to Dare to Be Different

Big R Week Gives Everyone a Chance to Become Involved



Come on Karla, can't you smile when someone takes your picture.



Marla Renner shows off her colors for Rainbow day.

October 29 to November 2 was not an ordinary week at Rogers. It was Big R week. Big R week was toned down because it was test week, yet students did get involved in lunch time competitions. There was a different way to dress each day of the week. Monday everyone wore their clothes inside out and backwards, Tuesday was dress up day, and Wednesday was rainbow day, everyone wore as many colors as possible. Thursday was "Grease" day and Friday was purple and gold.

The week ended with a con where the Homecoming Royalty was crowned. Later Friday night, we had the Homecoming football game. After the game, students ended the unforgettable evening at the Homecoming dance in the cafeteria.

Rogers' Traditional Spirit

Stephanie Molett and Richie Schuerman are crowned in front of the school.

Homecoming this year was held on November 2 and many activities made the day very special. The Homecoming breakfast was presented by the A.S.B. The officers put on a skit and invited alumni from Rogers to speak.

The traditional con crowned the royalty, and Shivesen performed for the nominees. When at last, the royalty was announced, tears were shed and Stephanie Molett was quoted saying, "Oh my God! I can't believe it!"

At the Homecoming game, the royalty was announced and presented on the field during halftime. The cold weather kept many students at home, but the proud Pirate fans showed their spirit and attended the game. The last duty expected of the royalty was to dance to: **Leave a Tender Moment Alone,** *at the Homecoming Dance.*

Homecoming

Autumn Memories

Friday night, November 2nd, was the date if Rogers annual Homecoming dance. After some controversy about making it a mixer, it was kept the traditional couples only, semi-formal dance.

The cafeteria was decorated with light purple and silver. The theme for this year's dance was "Autumn Memories" and to keep the memories of the night forever photographs were taken by Bob Hess.

"Homecoming had a lot of people this year. And the pictures were some of the best ever," commented senior Julie Matlock.

This year Chorale had the largest number of singers than any of the choirs have had in quite a few years. This increase in numbers showed up in the quality of their sound.

Second semester, Chorale was moved up to first period. The time change really helped the concentration level of the singers. "They spent a lot more time on task." stated director Mr. Mike McGuire.

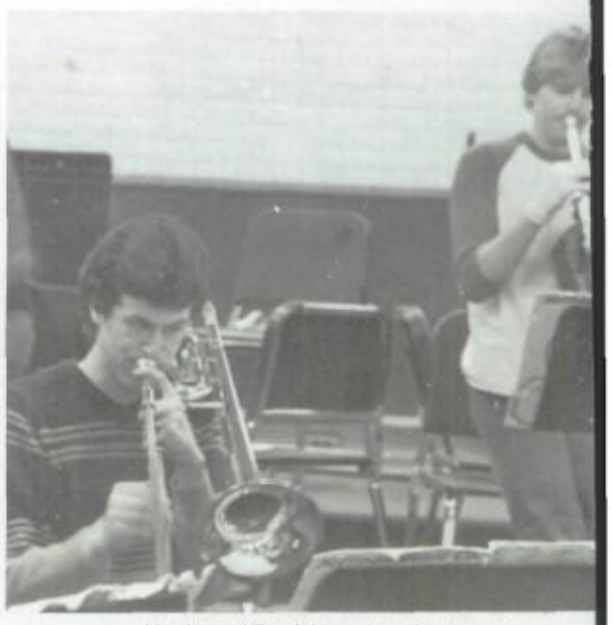
I knew this song by heart.

Symphonic choir met every day this year. The members put in a lot of hard work. They performed at many concerts here at Rogers and at festival competitions at Whitworth and Gonzaga Universities. They also purchased new robes this year. They were a real improvement over the old ones.

"Symphonic choir always strives to attain the highest level of quality, choral literature and vocal technique. Because of the fine leadership in this year's choir we maintained that high standard," stated Mr. McGuire.

Do you know where we are?

Jazz Band Rates Superior



Mark and Pat blow their brains out.

"This year's jazz band is a really hot group." stated Mr. Battista, the new band director. Rogers' jazz band was the only band at the Eastern Washington Music Educators Association Jazz Festival who earned a "superior" score at the high school level.

The jazz band is small and there are only a limited number of openings each semester. Therefore the members of jazz band are all very advanced and can play their instruments well.

The jazz band was not as loud this year as in the past, but the quality of the music they played was better. They played mostly jazz and a little bit of rock.

1984 Fads and Styles.

A Look Into the 80's

This year we have seen new styles throughout the halls of John Rogers such as parachute pants, pumps, jellys, earwraps and ducktails. Although these new styles will change, it was fun to keep up with the fads. For the most part students carefully chose new fall fads which fit them best.

Some of the various hairstyles included shaved, spiked, dyed and ducktails. Ducktails were popular for the guys as well as the girls. Some braided them, dyed them, or let them grow long.

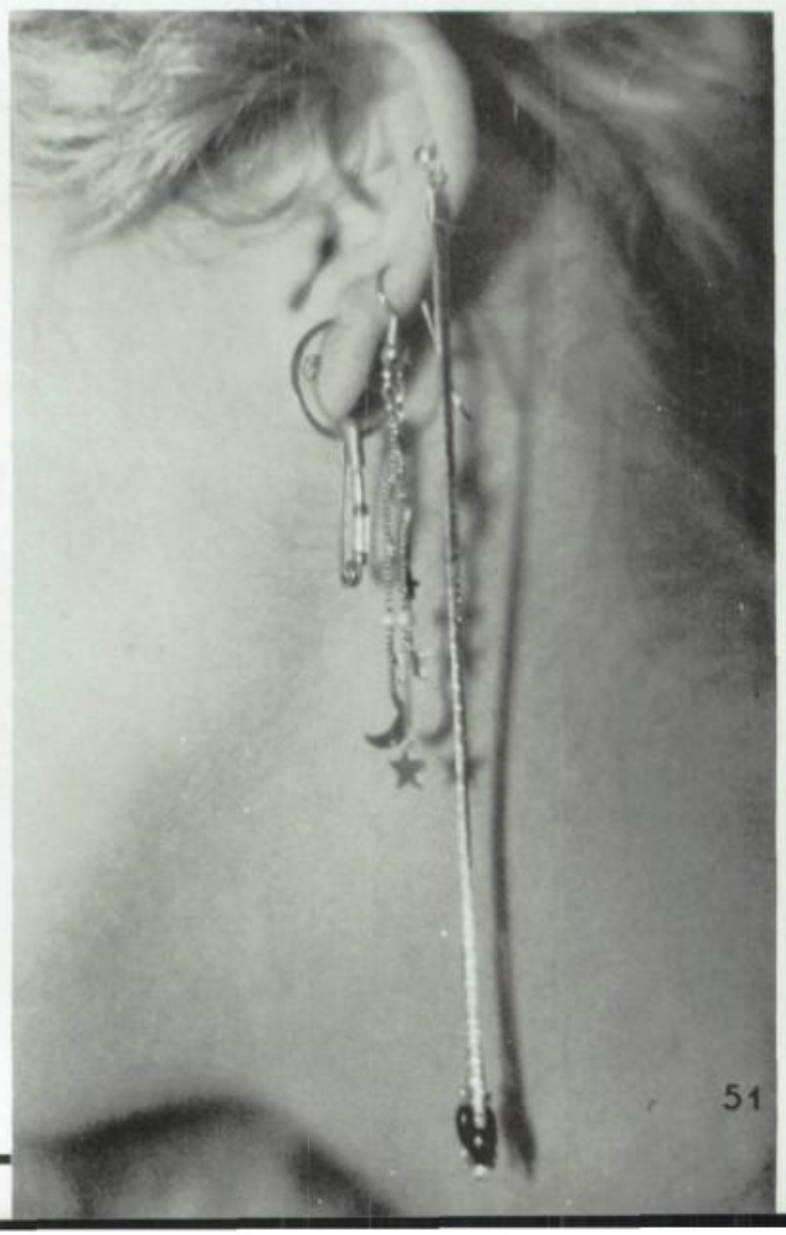
Shoes were another big trend this year especially for the girls. They wore pumps, jellys, moccasins, and of course, tennis shoes. Leather ankle boots were also a popular style for 1984.

Another new mod fashion was jewelry such as earwraps and earrings. Both guys and girls wore them. Long earrings were especially stylish for the girls while the guys preferred studs. These fall fashions of 1984 were fun and far out for the guys and girls at Rogers.

Mike Allen shows off his long lock of hair so called a duckrail.

Here are some various shoe styles of 1984.

Tuija Postari, Bill Zoesch, Kathleen Keller, Mike Chaparro, Ann Kirihara led the school trends.



The earring craze is piercing the student body.

Sadies Dance 1984

The idea of a "Sadie Hawkins" Dance began with Al Capps Cartoon 'Lil Abner.' It seems there was a Dogpatch girl called Sadie Hawkins, who couldn't get herself a husband. So her father declared her birthday 'Sadie Hawkins Day' for the sole purpose of marrying off single Dogpatch girls and tying down pesky Dogpatch bachelors. People began this dance wearing ragged jeans, Daisy May blouses and bare feet. But on November 16, 1984 people appeared not only in Dogpatch attire, but also in a variety of costumes such as punk rockers, wedding attire, matching outfits and Halloween costumes. Getting "HITCHED" by Marryin' Sam alias Mike Cagle has always been a tradition. The gals chased their guys from 8:30 to 11:30 in the Rogers cafeteria.

Brenda anxiously waits to get hitched.

Mike thinks he's so cool.

Girls' Soccer. 1984-85

Going for the Winning Attitude

This year's goals for the girls' soccer team was to learn how to work together as a team and to do the best job as they can.

Next year there won't be as many people on the team because Coach Leveque said he won't make it as easy to get on the team. He is going to make it more demanding.

Some of the top players on the team are Marla Renner, Joan Howerton, Deitra Schumacher, Teresa Schumacher, Sue Dunn, Becky Tyvan, and Charlotte Mason.

Girls' Cross-Country

Bounding Along Toward Future Goals

The 84-85 girls' Cross-Country team goals were to be champions of the Greater Spokane League, which they did not reach.

The team needed improvement in the areas of consistency and training. They needed more determination and will to work harder. There were some injuries and undevoted members which made it really hard for the team's overall performance.

Both Coach Russ Bishop and Coach Ron Challender felt that the girls who turned out this year, will probably do well in the future.

Boys' Cross-Country

The Team Goals Are Set High

The goal for the Varsity Boys' Cross-Country team would be to finish in the top half of the league that they are in. For the freshmen, the individualgoal would be to get the best time and lowest to number one. The team goals for the freshmen would be to take the G.S.L. championship.

The runners have to take extra time for extra mileage before they participate in the school sport. They need to run 1500 miles a year to be in top condition.

1984 Varsity Football

Giving All, They Do Their Best

This year's 84-85 Varsity Football players, after a bad game, were a lot like anyone in a bad mood. Before you talk to the guys you have to let them cool down and then try to talk.

The team has come a long way this last season. The best games this year were the three games that they won. Coach Daryl Squires felt that the team could have played better than they did, but he still felt they played very well.

The main improvements the team needed to make were to be physically and mentally stronger for next season. What Coach Squires tried to improve on, as a coach, was getting the program together for a better team.

Squires felt there were many advantages to being head coach of the team. The members listened to what he had to say and respected his views as a coach. He was able to express his feelings and got to help out the players in getting them to play the way he felt was best.

Junior Var. Football

Reaching the Top Wasn't Easy

Going into the '84 season, the Junior Varsity football squad was looking ward to a winning season, and keeping together as a team instead of ma individuals.

They achieved this by taking the city "B" title and continued to stay u play as a squad. They had a great advantage over other "B" teams becau they practiced with the Varsity team and therefore gained experience a improved.

Their only disadvantage was their injuries of many players and the size the team could have been a disadvantage but it wasn't too relevant.

Proud to Be Pirates!

The frosh football team grew together as a unit because they are proud of Rogers and they are proud to wear their Rogers Jerseys.

The two strongest players for defense were Steve Webster and Troy Mize. For offense there were Don Campbell and Ray Douville. Shaw and Garry used the same terminology and techniques that we use.

Some improvements that the freshmen football team needed to make were their strength, speed, and agility.

Dear Chi, Hope you have a great summer. We may not know each other well but I'm sure we could have a chance to meet. Our paths cross quite often. Good luck in the future! Lots & love Chris Brick "87"

Varsity Volleyball

Girls Reach for New Heights

Coach Sollars set the team goals for this year's Varsity Volleyball to become a team and play team ball. This team of 14 young women set their sights for the district play-offs.

Coach Kara Sollars, in her second coaching year, first of Varsity, worked with them to achieve their goals and wanted to see them a team without internal conflicts. A goal, which, they did, in fact, reach.

Their team was strong in defense and passing skills, but still working on better hitting and to be more aggressive.

Discussing some team disadvantages, the one that was most predominant, was the girls' lack of height. But their good, strong defense and their tendency for fast hustles on the court, made up for their smallness.

Coach stated, "They are a smart bunch of girls. They work hard and don't give up."

Junior Var. Volleyball

Basic Skills for an Excellent Team

This year's Junior Varsity Volleyball Team, of fifteen girls, started out year with the advantages of being a smart team and able to add new s to the basics to form an excellent team.

Coach Barb Silvey commented on the girls' need for team commun tion and cooperation. There were also problems with the fact of jealou and arguing among the players.

Coach Silvey feels Peggy Eldred was the most enthusiastic player Wendy Holmstrom was the strongest hitter.

That's the way to keep the ball up.

Freshmen Volleyball

Creme of the Crop, Goes to the Top

The goals for this year's 84-85 Frosh volleyball team were to strive for improvement and to prepare for the Junior Varsity and Varsity teams.

Coach Gaul felt the team's overall performance was very promising. He enyed every practice and felt that his personal goals, as well as the team oals, were both met.

Due to injuries, they ended up in fifth place out of eight teams. Mr. Gaul add-d, "The score does not exemplify ability."

Girls' Tennis 1984

Improvement Sparks Team

The Rogers' tennis team has shown much improvement this year, with a two wins and four losses the team has shown great spirit.

The best player on the ladder was Tami Walker, but the most impro player was Carolyn Deeble with four wins and two losses.

For Ms. Otteson, being tennis coach has been very rewarding. She en coaching the girls very much.

The team as we can tell, is finally starting to come off the bottom. The te spirit is really high and Coach Otteson feels that next season will be a be one.

RHS Class Representatives

enior Class Representatives (excluding the varsity cheerleaders): John Serben, Loreine Grantham, anson, Shaun Kennedy, Teresa Schunecher, Carolyn Deeble, and Susie Dixon.

The A.S.B. of Rogers is one of the most involved groups. The representatives were very busy this year. Along with raising money, they were expected to promote spirit among their classes.

Every two weeks the, A.S.B. conducted their meetings and proposed new ideas to make the school better. Dedication is a key factor in A.S.B. and it takes up a great amount of their time and their effort. With combined efforts, they demonstrated their leadership skills and achieved their goals.

Senior Class Officers: Matt Lane, Cathy Lloyd, Daren Anderson, Jacky Kenworthy.

The Junior Class Representatives: Crissy Cereer, Lisa Tweedy, Brende Fredrickson, Wendy Ott.

Sophomore Class Representatives: Dina Matheson, Visen Vu, Jill Mellstrom, Tonya kman, Stacy Kennedy.

The Freshman Class Representatives: Russ Matlock, Dwayne Daniels, Harold Armstrong, Bill Dixon, Jim Cotter, Dani Mertello, Scott Steele.

Pajamas for X-mas

Tim Moser is showing us his surprised look.

Couples didn't have to wear pajamas to go.

Vicki, Becky, and Tonya dress up for the occasion.

What's he supposed to be??

This year's Christmas dance was on Friday, December seventh, 1984 at 8:30 p.m. It was held in the Rogers cafeteria and was the last dance of the '84 year.

It was a cold snowy night. Pajamas were optional to wear at the dance. Half the people ended up wearing street clothes because of the cold weather. Pictures were taken by Burchettes studio, who offered two different backgrounds to choose from. The Christmas joy was shared by all those who attended the dance.

Senior Shelly Goodman stated, "I had a very awesome time, and I was happy to see how many people wore their pajamas."

Yes, they are having fun.

Cons Spark Enthusiasm

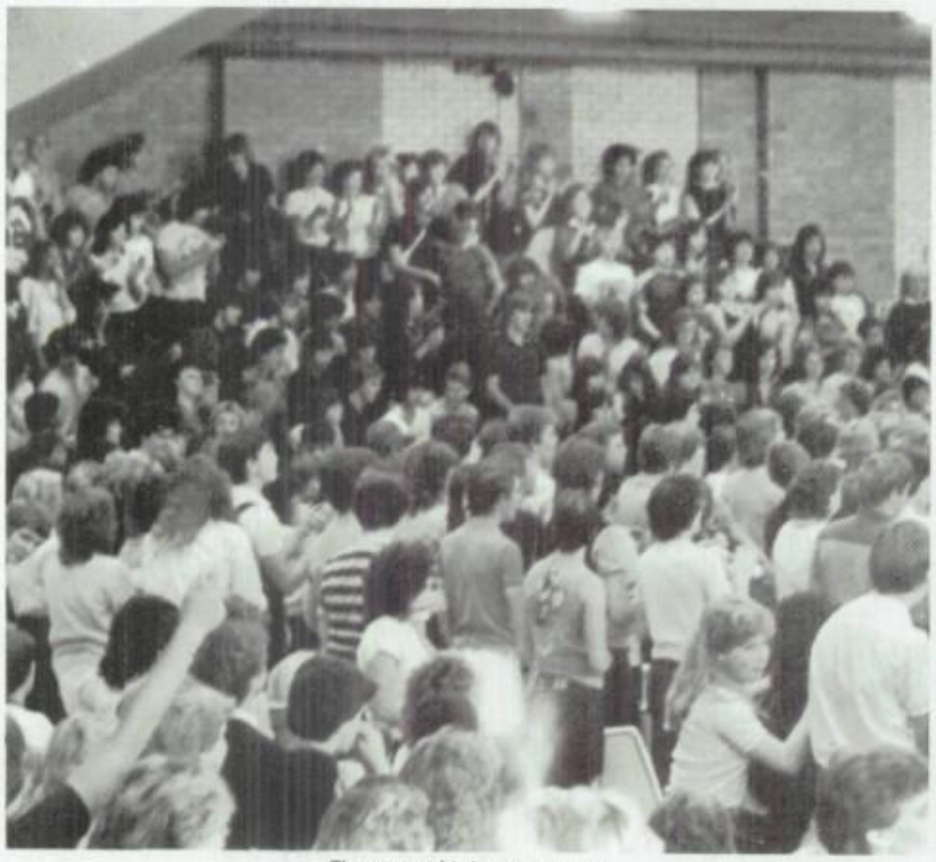
Our convocations continued to be successful, bringing out the entire student body's enthusiasm throughout the whole year.

The class of '88 was very vocal in expressing their spirit. The might have been Freshmen but with all five-hundred of them yelling they blew even the Seniors out.

Mr. Scheurman made some conduct speeches, but they were well taken so he didn't have to make them very often.

We had many different types of cons. Some in the gym and others in the auditorium. No matter, serious or fun, Rogers still kept their enthusiam.

Seniors salute the flag.



The crowd is in an uproar.

The cheerleaders get excited after they execute a pyramid.

Mr. Scheurman gives the object lesson.

Breakfast; a Family Event

Everyone is amazed at Mr. Scheurman's speech.

The Rogers family had many special events throughout the year. One that occurred every week was the Family Breakfast. These breakfasts took place every Friday morning at 7:30 in the cafeteria. The idea behind the breakfasts was to create school spirit and give people a chance to get to know what different groups were about. Every week a different group, such as the newspaper, put on the breakfast.

Competition of the attendance was done every Friday between the classes and faculty. Pirate Breakfasts brought people together and made the school year more enjoyable.

Let's hear it for leadership choir.

Kris Johnson loves family breakfasts.

Don't You Hate It When . . .

You have a history test and you haven't seen your book for a month.

You open your locker and everything falls out.

You forget your combo and your locker partner is absent.

You study for a test and realize it's next week.

The weekend finally comes and you get the flu.

Your day doesn't begin with a hug.

You wash your hair with your little sister's Nair.

You lose your lock.

You walk out of your class and the first person you see is Mr. Weishaar.

You wake up in the morning and find you are still at school.

You go to school and discover you forgot to take your slippers off.

You wake up only to discover your teddy bear is missing.

It's Monday.

Your date is going to pick you up in ten minutes and you're out of hairspray.

You come home from school and remember your house key is in the house.

Learning About American Customs

Rogers had the privilege of having six foreign exchange students visit us for our 84-85 school year.

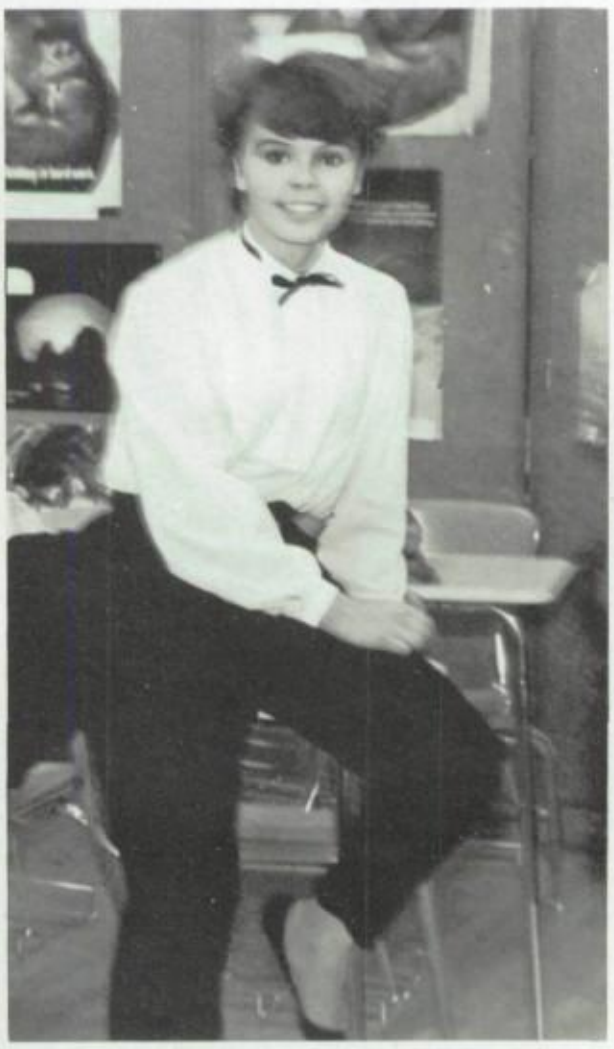
There were five seniors and one junior who came from various countries, such as Germany, Finland, Mexico, and Spain.

They were involved in many school activities such as band, FLC, Leadership Camps, breakfasts.

Senior Dietrich Seega from Germany stated, "I like the US because it's a big country full of variety. I wanted to be an exchange student because I wanted to learn more about other cultures and traditions. Also I wanted to learn and improve on my foreign language."

What a stud!

What did you say about Mexico?!



Tuiga shows her finished style.

Here is a bunch of wild and crazy seniors.

Seniors Who Care

This year we had a special group of seniors. Everyone was a leader and they could do their own thing, unless they did a certain act. The seniors had to get permission by Mr. Schuerman to do their acts in cons or at other special events. The seniors who care were Darren Neal, Shawn Kennedy, Rob Shoop, Matt Lane, John Serben, Troy Piazza, Pete Shelton and Ed Bassinger. These nine young men represented school spirit and seniors who care. They also wanted people to get involved with school activities, no matter what it was. The whole group thought that what they did was a blast. As Darren Neal put it, "The more you do it, the funner it gets."

Jim Koch helps people get their lockers open.

Shawn Kennedy is dressed for the occasion.

Dancers Rock All Night

Rogers students attended many mixers this year. They were approximately every two weeks apart on Friday nights. Mr. Scheurman had originally planned on having the dances in the field house, because there was more room. Only two were held there because there were too many problems, such as missing tennis shoes and stinky socks. From then on the mixers were all held in the cafeteria. It was a little more crowded, but it smelled a lot better.

The purpose of the mixers was to get the students more involved. The mixers were a great way to meet new people and to become better friends with the people that you already know.

Everybody clap your hands!

Susie and Shawn strut their stuff.

Mrs. Haugen looks pleased with the conduct of the students.

The People Who Bring You the News

Reporters Dig for All the Facts to Get Their Stories

Cris and Mike work to get a page ready to go to the printer.

Val shows Mark how to use a telephone book.

When Kevin Cosner, Ace reporter, was asked about why he thought this year's newspaper staff was successful, he quoted, "Well, we get along." Which is the typical sentiment throughout the group that puts out the Rogers Record.

It is a difficult task to produce a newspaper, to "put it out like clockwork," as advisor, Sandi Toms puts it, is a process that few other Record staffs have done with success. But this year people on the newspaper did more than write up the news, they also did many community-centered functions. At Halloween, for example, the staff put on a party for kids with M.S.

This year the staff was able to accomplish quite a bit due to excellent leadership.

Mrs. Toms assigns new stories.

These girls wish the deadline was over.

Varsity Wrestling

Number 1. On Top of It All.

This year's Varsity Wrestling Team of 1984-85 remained undefeated throughout the entire season. It was the first time we've beaten the undefeated Mead, since 1977.

Coach Ken Pelo, who has coached Varsity Wrestling for twenty-five years, feels this team is the best we've had in eight years. They have worked extremely hard to get in better shape and have shown great improvement as the season progressed. He really enjoyed coaching the team because they showed great pride and spirit for the school and had superb sportsmanship. The team was very confident in themselves, and their teammates.

When one of the guys lost an individual match, he wouldn't get down, he would just work harder to win the next time.

Coach Pelo said that next year's team will be as competitive as this year's, but also added that all the guys leaving this seaso will be missed next year.

Pirate JV Wrestlers

Seek Perfection Through Their Goal

The J.V. wrestling team's goals were to be city champions in the G and to be in the state competition. Some of the wrestlers needed to prove their grades and attendance. Coach Laughary said that, "Athle need to be three sport gentlemen, meaning that the athletes should sta sports all through the school year and be gentlemen. They also need to motivated and dedicated 100%." Some of the top wrestlers on the te were Terry Lukenbill, Rob Frank, Jeff Keller, Jeff Biddulph, and Jim Alberts.

Freshman Wrestling

Just as Awesome as Before

The Freshman wrestling team is much compared to that of the frosh wrestling team from 1981-82. They wanted to be the best ever, not only in wrestling but in the classroom and everywhere else.

Coach Pomante has been coaching at Rogers for two years now and he said that the teams he has coached were the best. The wrestlers have very good team attitudes and they worked very hard to gain wins.

The top wrestlers were Troy Mize, Mike Burchett, and Shawn Fisette.

Integrated Gymnastics

Gymnasts Tumble Toward the Top

Our Rogers gymnasts for 84-85 still strove to be the best. The former Rogers graduate, coach Chris Lynch has been a coach here for four years. During this time Chris has seen nothing but improvements among the team. This year Chris stated that she wanted two strong events, those events turned out to be floor and vault. This year three all arounds helped to break one hundred with team scores. Those girls are Sue Schuyler, Sue Dunn and Dana Robinson.

This year a new assistant coach, Lori Wilson, was welcomed to our Rogers family. Lori felt that the team had great potential to be in the top two at districts. She enjoyed her first time coaching at Rogers very much. She also enjoyed seeing all the spirit each sport had for one another.

There was a big change in this year's competiton. Instead of having 1 on 1, they had double duo meets. This consists of 4 teams competing at the same time. Although it's still 1 on 1, this was thought of to save time.

Varsity Guys Improve Team Strategy

Starting off his second year, Varsity Coach Jim Preston, has visibly done well with his basketball program here at Rogers. Commented Carla White, Statistician, "Staci (Kennedy) and I have received good comments from many people about how good our team has become."

Leading the mighty Pirates of 13 players is junior, Robert Jefferson, Captain and one of the top scorers with Dan Smith, Clyde Gibbs, and Rod Stuart not far behind.

Being a young team this year (4 sophomores and 6 juniors) has had its disadvantages, but will be a tremendous factor next year because of the 10 experienced players returning. The disadvantage is not playing as well at the beginning of the season as at the end.

Coach Preston's goal was and will always be to develop the team to the best of their ability in all phases of the game. "My job is to prepare them, with the best of my ability, to win every game."

The team's goals were to improve self-esteem and to have outstanding athletes, students and individuals.

Boys' JV Basketball

Dedication Is Their #1 Goal

Heading the J.V. boys this year, was new-comer Dick Lentz from L Valley. When asked, from an outside point of view about Mr. Preston's p gram, Coach Lentz said, "It seems to be working and is headed in the r direction, but a lot depends on the dedication of the kids."

"They need to work on poise and shooting," stated Coach, "both J and Varsity." Some goals of Coach Lentz were to work on the te developing shooting and individual skills and to become dedicated playe "Real dedication starts i the 7th grade."

Freshman Boys

Experienced Coach Readies Players

Leading this year's Frosh boys' basketball was again, Coach Jim Dorr, former Rogers student. His role was to make sure thee freshmen are prepared for competiton next year and possibly even for the Varsity team.

Adhering to Coach Preston's program, the boys have improved tremendously from practice to practice. Commented Coach Dorr, "They are hard workers and very good athletes. They just need to more develop their basketball skills.

Girls' Varsity Basketball

Striving to Better Their Techniques

The Varsity Girls' Basketball team of the 1984-85 season had an excellent year. They had outstanding defensive and rebounding techniques which helped them improve and become much more fundamentally sound, as compared to past years.

The girls just wanted the satisfaction of playing well and worked hard on making it into the city play-offs. They wanted to obtain respect from, not only their teammates, but also from other schools in the Greater Spokane League.

The girls had trouble in the area of shooting, which they worked hard on improving all season. Coach Bill Gaul wanted them to get the technique worked out, instead of just throwing the ball toward the hoop with no skill involved.

Coach Gaul has been coaching basketball for thirteen years, eight years of boys and five years of girls. His main goal for this season was to get his philosophy of coaching known throughout the G.S.L. program.

JV Girls' Basketball

Shooting Through a Great Season

This year's Junior Varsity girls' basketball team had a great year. T had a high level of dedication and a great winning attitude.

Mr. Kight, who has coached the team for two years, felt his team ha excellent person to person to full court pressure defense. His main goal to have the team improve their game record this year.

The only thing they needed improvement on was their shooting which they did improve on as the season progressed.

Freshman Basketball

Girls Work for a Winning Attitude

The girls' freshman basketball team's goals for the 84-85 season were to earn to improve their basic skills and to have a positive attitude. They had great offensive and rebounding techniques, and often had good comebacks toward the end of each game. They tried hard on improving their defensive plays and gaining more confidence in themselves.

This was Coach Traci Huffner's first year coaching at Rogers. Her own personal goal for the team was to set them in a winning attitude, on and off the floor.

What Rogers Did for Us

The class of "85" is a very special class. We were the first freshman class to return since 1970, which made us work harder to reach our goals but also gave us more time in high school to become closer as a class.

We will not always remember the "D" that we received on that test but we will remember what we were doing instead of home studying.

As we part we all will remember the great times that we have shared but let us not forget to thank our parents and the other important people that have helped us to where we are now.

My high school years have been and still will be great! The classes I've taken have taught me a lot, in particular, the advance placement courses. I believe high school is not only a place to learn studies. For me, it includes talking with friends, many A.S.B. activities and after school sports. the class of '86 is super and we will have a very successful senior year!

My high school years have meant a lot to me. I have only been at Rogers for a year and a half but I have had a great time. I have learned a lot and people have helped me a lot. I definitely would not want to go to another school. I feel like part of the family.

Mr. Batista was preparing for the future. They were working on basic dance styles and he hopes to perform more regularly next year on a drill team capacity. There were 14 girls and they practiced two days a week. Their purpose is to support the marching band and increase school spirit.

We just LOVE spring.

What Was in — Spring Fashions

Spring fashions for 1985 represented a whole new style. New spring materials were featherweight, mostly crinkled cotton in calming colors — the prettiest pastels ever — mixed with white or just alone.

These pastel colors weren't used only by girls but by boys also. Pants ranged from old stone-washed denims to the newest style of so-called "crop pants," pants that go only up to the ankles. Newest style in shirts was big buttons and so-called half-shirts. Girls were often seen in skirts with jumpers and jumpsuits with shorter length and bolder shoulders. Navy was popular again, this time especially with yellow. Big earrings in various colors were in. Mesh gloves and socks were used to lift spirits and give a spike look. Deckshoes were "IT" in shoes.

Gail Shilliam, Scott Angioi, Cathy Stewart, Scott Hookom and Ingrid White are showing spring spirit.

Spirit Award We Win Again

For the fourth year in a row the mighty Pirates of John Rogers won the Pirate-Bullpup spirit award, destroying the Gonzaga Bullpups with an awesome display of spirit. The Rogers students showed their pride for their school at the Rogers-Gonzaga Basketball game, by dressing up fifties sytle, displaying signs with sayings such as "Let's get wild," and chanting inspirations such as "On to state," even though our basketball team was next to last in the league.

The Pirate-Bullpup Spirit Award was created to promote spirit, pride, and enthusiasm in the students of both schools, and to add a little friendly competition between the students of the schools. When asked what the competition did for the students, Mr. Schuerman replied that "it builds pride within the students."

Grease Lightning Hits

Danny Zuco, Bob Dixon, tells the guys about his dream car — "Grease Lightning."

Every year the Rogers Drama Department puts on a special play for the Rogers family and community. Any student from Rogers could try out and many were used to put on the hit musical play "Grease."

The plot of Grease was one of traditional background. Sandra Dee a very quiet and reserved girl. Danny is a rough and tough guy. The two fall in love, but their different personalities makes it very difficult for the two to get together. after a lot of hard work and compromising, the two got together and the story ends happily.

Mrs. Logan, Mr. McGuire and C. C. Cayer put a tremendous amount of hard work into this outstanding play. Many hours of hard work made them great. Practices were routinely held every day after school for 3 hours. Practice started in October and lasted up to the day before the play was presented. The play was performed on January 17, 18 and 19. The success of the play made the Rogers family very proud and happy.

Vision Quest Hits Spokane

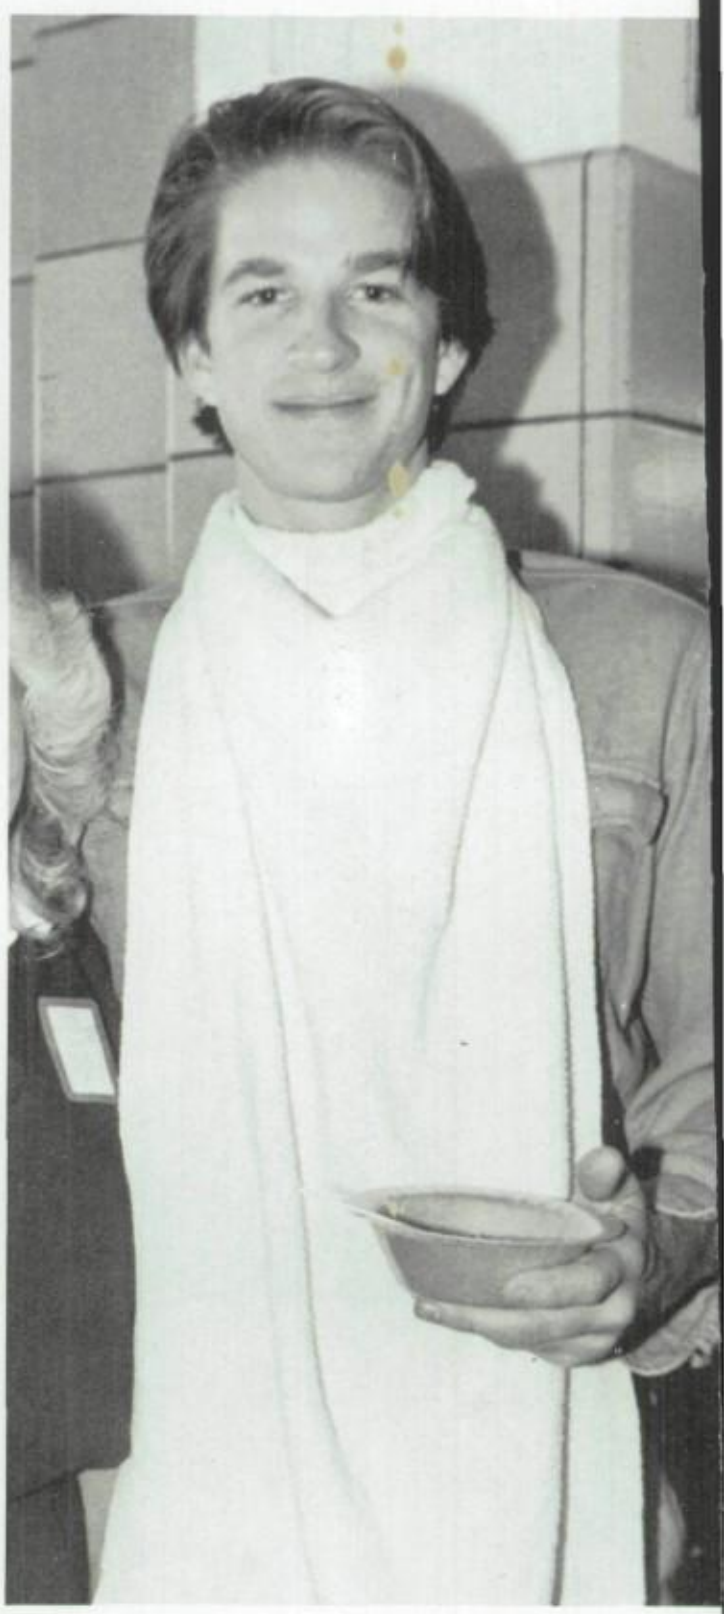
For 16 months Rogers students awaited the release of "Vision Quest." Various problems and advertising ploys delayed the film's release, but "Vision Quest" premiered here in Spokane on February 14 and opened nationally on February 15, 1985.

"For the first week of showing, "Vision Quest" did extremely well, not only in Spokane but all over the nation," stated John Coztects of the film administration in Seattle. Even though "Vision Quest" did well at the box office the local critics didn't care for it. They felt the relationship between Louden Swain and Carla, his house guest from New Jersey, would never happen to a high school student, especially one from Spokane and that the whole storyline was just unrealistic. But could it be that the ones who are unrealistic are the critics? They obviously have no idea what goes on with high school students these days.

On the other hand not everyone in Spokane liked the film. The Spokesman Review stated that "Director Harold Becker made Spokane look as if it was run by water ways." Most Rogers students felt the filming of "Vision Quest" was an experience and that Matthew Modine did a good job in making the wrestling look realistic.

To differ with Spokane critics by the time "Vision Quest" had been showing for two weeks it was one of the top 10 movies at the box office.

These students enjoyed seeing Vision Quest.



Matt Modine portrayed wrestler Louden Swain.

Students Review Vision Quest

"I liked the movie because it was filmed here in Spokane and because Matthew reached his goals in the wrestling match."

Darren Neal

"I thought the movie was great. The reason I liked it was because he reached his goals with Carla. And in the last wrestling match."

Shawn Crosby

"The movie was ok, I did like the fact that it was filmed here in Spokane, and here at Rogers."

Justin Trevino

"I've seen the movie twice and I thought it was better than the reviews gave it credit for. I would also recommend it to my friends if they wanted to see a good movie."

Park Huck

"I really liked the movie, especially the last wrestling match. I think I would recommend it to anyone who wanted to see Spokane on the silver screen."

Ericka Anderson

"I would pay to see it again. I thought it was a really good movie. The part I liked the best was when he was looking at her shorts in the laundry."

Dan Martin

"The movie was alright. I guess the main reason I went to see it is because I was curious as to how it turned out. I wouldn't pay to see it again."

Mike Chaparro

"Though I wouldn't pay to see it again, I thought the movie was really good, I like the last wrestling match the best."

Frank Kollman

"I liked the movie because a lot of my friends were in it. But I don't feel it was worth spending my money on it twice."

Sarah Smith

"If the movie hadn't been filmed here in Spokane I don't think I would have liked it as much. I did like the sound track. I also liked the part where they were driving back from his grandpa's, and the last wresting match.

Tim Moser

"I loved the movie. I liked it when he was running through the streets, and across the bridge. I would have seen it even if it wasn't filmed here in Spokane."

Christine Lawsen

"I thought it was really interesting to see your own city in a movie."

Katie Kaminski

"It was pretty good mainly because you see your own city in it."

Lanie Ethridge

"It was alright because our school is in it a lot."

Tonya Finley

"It is an inspiring movie, it makes you realize you don't have forever to do something and that you should go out and do it before it is too late. I loved it."

Laura Brown

"It was a good movie and had a lot of interesting parts in it. It was worth going to see."

Lisa Desenberg

"It was a really good movie. I liked seeing my friends and my school in a movie."

Still alive in '85. You really couldn't tell that by looking into the yearbook room after a deadline. Exhausted bodies roamed aimlessly around the room and the girls played rummy.

Sweethearts — All We Need

This year's Sweetheart Dance was not very successful due to low attendance and that the music was not played to its potential.

On the average, couples' dances do not draw as many people as the mixers do, but this dance had one of the lowest attendances.

People did not like how the music was played. The music was skipped quite a bit, and when it did, they put on another song and never finished the other.

The theme was "All We Need." The colors were red, white, and pink. Pictures were by Bob Hess. The dance was from 8:30 to 11:30.

Varsity Boys' Soccer

Getting the Ball Rolling

This year's '85 Varsity Boys' Soccer team started off to a great season. With the team showing more enthusiasm and dedication than last year, they set their goals high.

Since it was only the second year of soccer being in the GSL and here at Rogers, they worked hard to reach the goals they had set.

As compared to last year, the size of the squad and the spectator turnout both increased.

The interest in soccer should increase as the teams get better and the action during the game improves.

Van Daddy,
Didn't get to see
you much this year.
Hope your knee is good

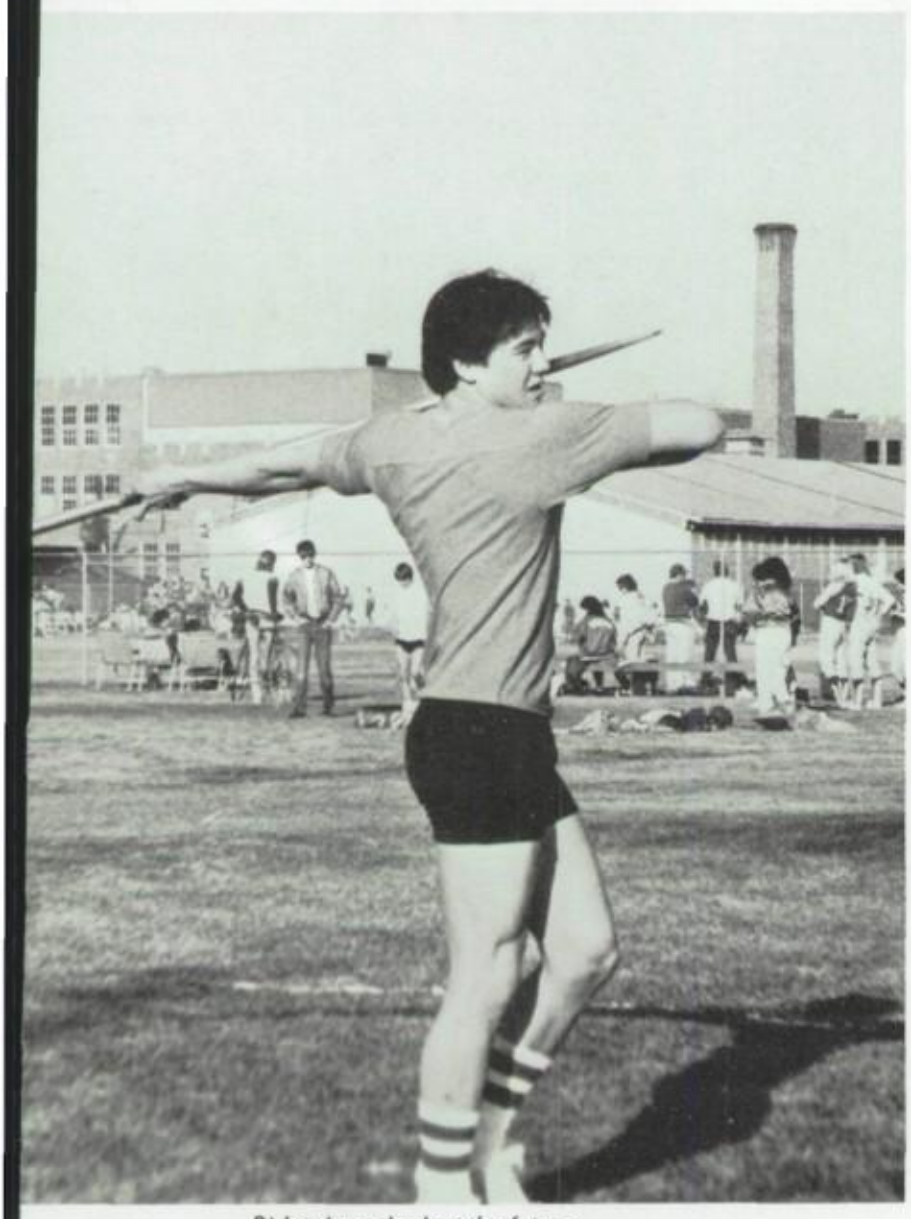
This is hard work, man!

Varsity boys. What a bunch of hunks. Ha!

Hey you guys. Here I come!

Sitting pretty with the varsity girls.

Oops, I made it!



Rich takes a look at the future.

Sue or Julie?

Spirits Were Soaring Tracksters Worked for Their Goals

Girls' Varsity Track team consisted of 37 girls and at Boys' team there was 56 boys. Both teams were balanced, having both good runners and "fieldmen." Throwing was the girls' only weakness, and that was due to the loss of last year's seniors.

In both teams the spirit was enthusiastic. Some social events, like a pizzafeed were held in order to increase team unity.

Girls and boys set individual goals weekly, before meets and three season wise. As Mr. Squires said, "Winning is nice, but if the kid feels that he can be proud in the end, he has done his best. The potential to do well is there." "We are coaching the kids to improve individually and also as a team. Our goal is to have a winning season and to qualify as many kids for district and state as possible," was Mr. Kinzer's comment.

The team practices were co-ed and centered around every person's own events.

There were only a few seniors on the team, a good point was the number of sophomores. So the future looks very bright for both teams.

Varsity Boys' Tennis

Swingers Get Into the Racket

Under the instruction of Mr. Preston, the boys' tennis team has been working towards being more competitive. Coach Preston wants the guys to improve as much as possible and to have fun. "They are basically a young and inexperienced team open for much improvement."

Stated Coach Preston, "This is a lifetime sport and a good form of exercise that can be used throughout life."

This is Jim Preston's first year of coaching boys' tennis.

Roger's Golf Team Puts Hole in One

Improvement Shown

The 1985 Roger's Golf team has grown in size and ability. The girls' participation increased from 2 last year to 10. This year there were also 15 boys competing.

The team practiced 5 days a week, 2 days of which were at Esmeralda Golf Course and 3 days here at school. Mr. Zink said "The practice scores this year are better than last year."

The team confers for the next inning.

Varsity Baseball Attitude and Experience

The Varsity Baseball team of the 1984-85 season, coached by Jim Paton, had a tremendous time trying to reach their goals of making it to the play-offs and "turning the ship around." Out of the twenty to twenty-five players that tried out for the Varsity team, there were fourteen or fifteen that were selected.

The majority of players on the team were juniors, which they felt was an advantage because the experience from this year will help them to be an outstanding team next year. The team had both excellent pitching and hitting abilities but needed to adjust themselves to having better winning attitudes. Junior, Duane Sorenson pointed out, "We have changed the Rogers' attitude and I believe we can get somewhere."

With Coach Paton working the guys to their maximum, they improved a great amount throughout the season. The time and effort that the team members put in, payed off toward the end of the season.

Junior Varsity Baseball

The Junior Varsity Baseball Team had a good turnout with 19 players, in cluding sophomores and juniors. The goal for the season was "be the best yo can be." This helped the players' attitudes at practice, utilizing the facilities an the enjoyment of playing. Coach Pomonte enjoyed being with the team an watching them improve.

Junior Varsity Softball

Freshman Boys' Baseball

The Freshman Boys' Baseball started off well by winnig the first game against L.C. Corey utcher contributed 4 R.B.I.'s and Pat Tisdale pitched 6 shut-out innings. Coach Tony Naccarto ommented that everyone worked hard and showed good improvement and his goal was o win the City Championship.

Freshman Track Team

The Freshman Track Team was Coached by Mr. Brown and Kara Solars had 31 boys and girls combined. This was Mr. Brown's first year of coaching track at Rogers. He has coached teams in the past years and he decided he wanted to begin Coaching once again because he has always respected the other coaches at Rogers. This was Kara Solar's second year coaching at Rogers. She says she enjoys the coaching and the kids. The team's goals were to improve their skills and to set individual goals weekly and monthly and for everyone to work together as well as individually.

Pushing to the Limit

New Pitch Added to Varsity Softball

This year there was a change in the pitch of softball. Instead of being a modified slow pitch, it was a modified fast pitch. This, stated Coach Cooley, "is going to be the hardest change for the girls."

Coach Cooley went on to say, "This has been a building year for us. The talent in the league was strong, and with the modified fast pitch the team's strength varied. My main goal was to have a fundamentally strong team."

The varsity team consisted of juniors and seniors. They practiced every night after school from 3:00 until 5:00 or 5:30. They worked on hitting, pitching, running, and many other softball techniques.

Coach Cooley also said, "With the leagues being tougher and the competition being stronger, I feel the girls have done a good job. They came in at about average this season, and I was proud at the job they did. They worked together as a team and individually. They worked hard, and their work paid off in the end. I feel they were pleased with themselves and the job they did this season."

Junior Vars. Softball

Achieving With Experience

The 1984-85 Junior Varsity Girls' Softball team set their goals and wor hard in achieving them this year. Coach Phil Stohs, who has been coac baseball for a total of fifteen years, uses his expertise and experienc coaching the girls for the fourth consecutive season.

The team practiced to develop their own individual skills and also their te work abilities. They were very competitive with other Greater Spok League teams and also among their own team, representing Rogers great pride.

Hey! Everyone wait for me!

AP Program

"Excellent"

The Advanced Placement/Extended Learning programs started 3 years ago with the class of '86. The participants in this program were determined by their CAT scores in 8th grade along with their I.Q.'s.

The program was designed to motivate the fast learner and get them used to the college style of teaching methods.

The first two years were utilized to prepare them for their Jr. year. Which was that the class was being taught to help them pass the U.S. History and English Advanced Placement tests.

Each teacher got more skilled at teaching AP/ELP after having the class of '86 because that class was in the experimental stage.

Make It Happen!

Eagle weekend. It is truly an experience that shouldn't be missed. You've probably heard that before, but it's true and maybe you should take their advice

Eagle Weekend, lovingly set up by Dennis Schuerman, is designed to build self-image, improve personal relations and climb the ladder to success. Stated Junior Carla White, "I feel that I really learned something about myself and I came back feeling positive about almost everything."

The day started off arriving at Liberty Lake about 9:00. From then on until about 9:00 pm were a series of sessions with a senior counselor and 7 to 10 students in a council, discussing self-image, relationships with others, goals and, overall, just getting to know each other. Then there was a dance and campfire afterwards. The following day was partially filled with more positive sessions and the most important and emotional session of the two days was the Stick Ceremony. This involves students getting up in front of the group to dedicate their stick to friends, family, etc., by putting it in the fire representing our feelings, that everyone has, to keep the fire of spirit and love burning strong. It is a time for truth and love which is shared, felt and carried on throughout the whole room.

Brenda and Barb boogie during council.

After 2 hours, there's no hurry to sit.

Now Nikki, you're supposed to pay attention.

The grandaddy of spirit, Mr. Scheurman.

Sophomore Eagle Weekend was held at Zephyr Campground out on beautiful Liberty Lake, the students left before school on Monday morning for their two day trek into the wilderness.

The goal of the weekend was to raise self-esteem and self value. Once there, the students broke up into groups of nine or ten. These groups were lead by a senior counselor who helped them throughout the entire weekend.

pokane's Declining Concert Scenes

Night Ranger/Black and Blue	September 22
Quiet Riot/White Snake	October 8
Billy Squire/Molly Hatchet	December 13
Sammy Hagar/Zebra	January 30
Kiss/Queensrhyche	February 26

These students show off their rock attire.

Suddenly the lights go out, the crowd starts yelling, and a few lighter flames flash here and there. If you are like most teen-agers you could probably guess what that describes. Of course that is the beginning of a concert.

Spokane doesn't get many of the big name groups, but every once in a while we get a fairly decent concert. The reason for this, according to Jon Robins of KEZE, is that Spokane chargès the same to rent out the coliseum as it costs to rent the Seattle Center Arena. More and more groups and promoters don't see Spokane as a viable market anymore. It is going to get worse unless a new stadium is built.

A couple of shirts from the latest concerts.

Seniors Compete for High Honor

Mrs. Sandi Toms introduces the 10 Lilac contestants.

The Lilac Coronation began with musical selections by the jazz band and MC Shelly Monahan's (KREM TV) introductions of the finalists: Park Huck, Brigette Crozier, Shelley Goodman, Kristen Johnson, Susie Dixon, and Carolyn Deeble. Each candidate gave a three minute prepared speech on a topic of her own chosing, and then answered an impromptu question, such as "what is the nature of a family," or "what will you miss most about high school?" After a break for the judges to deliberate, and some lively music by Shivesen, the judges announced their decision. Roger's Lilac Princess for 1985 was Carolyn Deeble.

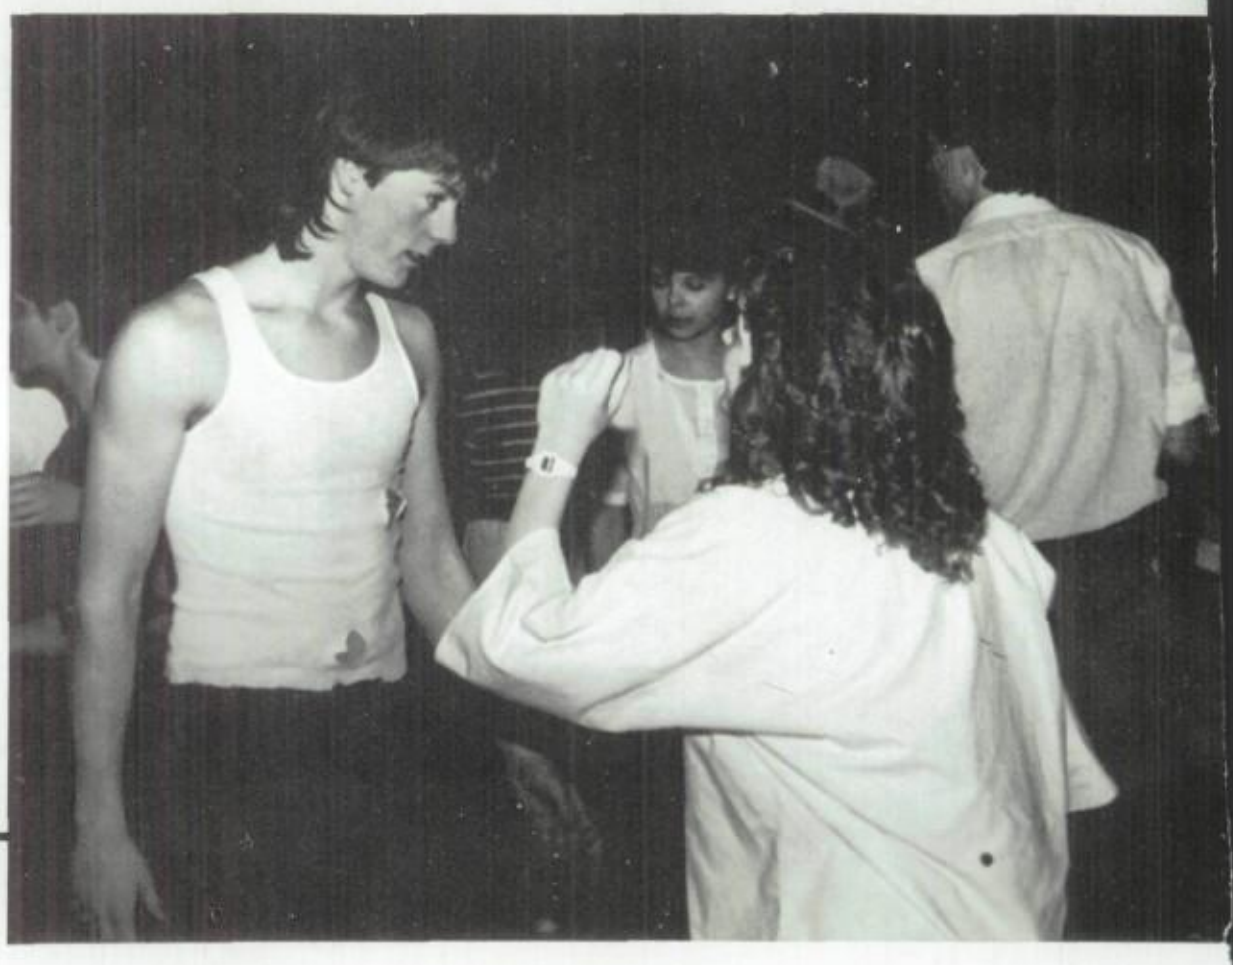
Fun on St. Patrick's Day

March 15, was the Saint Patrick's Day dance. People were to wear green, and if they didn't, a green bib was put on them. The dance was held in the field-house, and it started at 8:30 and ended at 11:30. There was a dance contest and winners won prizes. There were also prizes given out to people throughout the dance. The music was provided by Mr. C's.

Pretty soon sleeping beauty will be awakened by "Prince" and his "Revolution."



"So, hey, you want to go out, or what?"

Susie and Paul are the center of attention.

I wonder if Mr. Scheurman's green is purple?

These couples enjoy a dance close to each other.

Ricardo — Hi cutie, ya you . . . remember me? I'll give you a hint who I am. I'm crazy for you . . . Now do you know who I am? Good I love *you I just wanted it in print . . . bye for now but* not for long.

Cass Bunton:
We were separated but we're back together. Our differences aren't minor, just major. You're *the bestest twin that any one could ever have.* Love ya Chris

Marjie, You have been my best friend and I'm glad your friendship means a lot to me thanks for everything.

Kim

John R. Rogers is the best for it was our little nest. Students came from all around to get to class and act like clowns. Some ordered pizza and sometimes wine just like the Dudes at Ridgemont High. The teachers were great even when we were late. There were some exceptions, the non-human ones, who got on your rear and yelled in your ear. You can't really blame them one bit because most of us acted like . Even when we go away all the memories will stay. Thinking of the times we had I'm sure we'll be forever glad. Soon will come your graduation the greatest day of expectation. It's not the end of your life because soon you'll be with your own new family. GAJ

To the class of 85 —
no matter what or where you go in life, you will remain in my heart and my memories as being God's Blessing. So many of you showed real love & care through a very painful time in my life. I thank you for the love & care — I couldn't have made it without your support. God bless each & every one of you.

Nancy Bell

Big Brother Lanegan,
I hope you know how much you mean to me. Always remember: the bull, parties,hospitals,sledding,6th,summer 84 and quarters. I'll never forget you and I'll always love you. Kris

Desire, I had my doubts this year but we did it. You helped me through the hardest year of my life. I couldn't of done it without you. After all what's lust without desire, lost. I love you

— LUST

Ron,
You've added so much to my life. We may have had doubts at first, but I don't have them anymore. Hope it lasts. I LOVE YOU

Love Always Cris

To the apple of my eye: We've shared good times and bad, most of the good and I'll always cherish the memories of you being there when I need you. You probably don't know this, but I *really do love you.*

N.P.

Chew: I may not understand all the things you go through but you know I'll always be there. Thanx for helping me get over D.F. What would I do without you.

I love ya,
Dannelle

Joe (C.W.)
I hope you have a great summer & senior year. Congrats on cheerleading. We haven't been too close as friends but I still love ya. Love George (DB)

Sam, you have made my Jr. year. Don't forget the night of the Fri. 13 movie. I know I won't. You've taught me a lot about myself. This summer will be great. Aug. 16, 1986. Love always

Viki

K.P. & E.A.
Thanks so much for everything. You guys have made my first 2 years wonderful. You both have helped me grow up tremendously. Remember me always.

Love ya, C.B.

Pere, you are a very sweet guy. I wish you the best of luck in everything you do. Love you lots.

Hugs & Kisses,
